

Spring Fling Art Show & Reception

Please join us

North County Society of Fine Arts Members, NCSFA Scholarship Winners and Rancho Bernardo Library artists One-Day Art Show and Reception with Music

Sponsored by the NCSFA and the Rancho Bernardo Friends of the Library

Saturday, April 7th
Show and Reception 1 - 3 pm
Concert 1:30 pm – 1:50 pm
Rancho Bernardo Library Community Room, upstairs
17110 Bernardo Center Dr

Come see the art of NCSFA members, our scholarship winners, and artists who have shown at the RB Library recently. The Rancho Bernardo Friends of the Library is generously hosting the reception.

This event is being held by the library in appreciation for all of the local artists who have shared their personal art work at the Rancho Bernardo Library, celebrating local art and our scholarship artists.

Vocalist, Emily Peterson, first place winner of Southern California Classical Singer competition and ranked third, nationally, for the American Prize Schorr Award, is scheduled to sing a short classical concert at the event, accompanied by Anna Dunford on the piano.

Participating artists: To better assist you, please sign up online at ncsfa.org by Friday March 23. Deadline March 30th but there will be less online assistance after March 23

About the musicians:

Emily grew up in San Diego, then won a music scholarship to University Southern California to study vocal performance. This lyric soprano has sung in many venues, including the Disney Concert Hall and Carnegie Hall. She currently sings in two choirs in Los Angeles.

Anna's love of music began at age three when she started the violin. She soon began to focus on the piano and her enjoyment of that instrument led her to study piano performance at the university level. In college she had many opportunities to collaborate with other musicians and discovered that she most enjoys playing for vocalists. She now takes every opportunity to perform in that capacity. Anna will be leaving San Diego in April to serve an 18-month LDS mission in Toronto, Canada.
